ETERNAL COLLECTION

Yours Forever

All our products are made by a European designer team, according to individual industrial design. The individual design is always protected by patent, thus the product of our company is always unique in market.

Our company has a comprehensive product range from this product line in electrical and mechanical devices, knives, cookware and bakeware and other kitchen and household accessories.

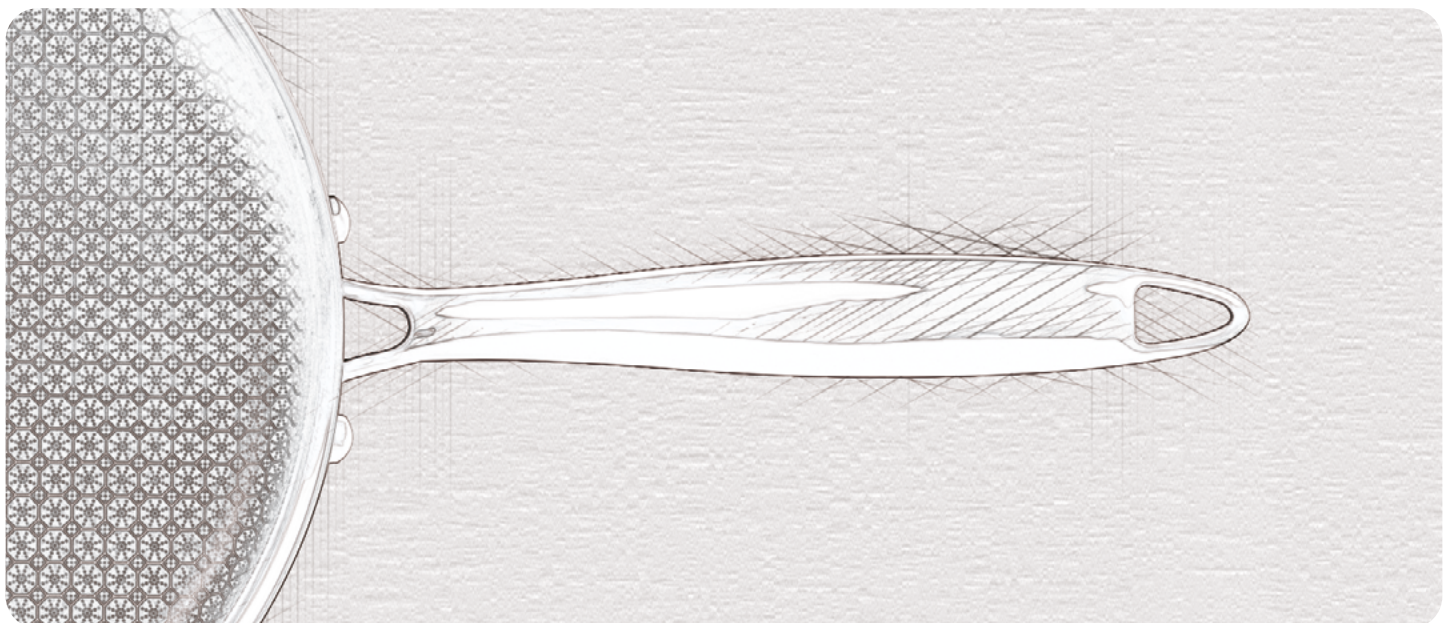

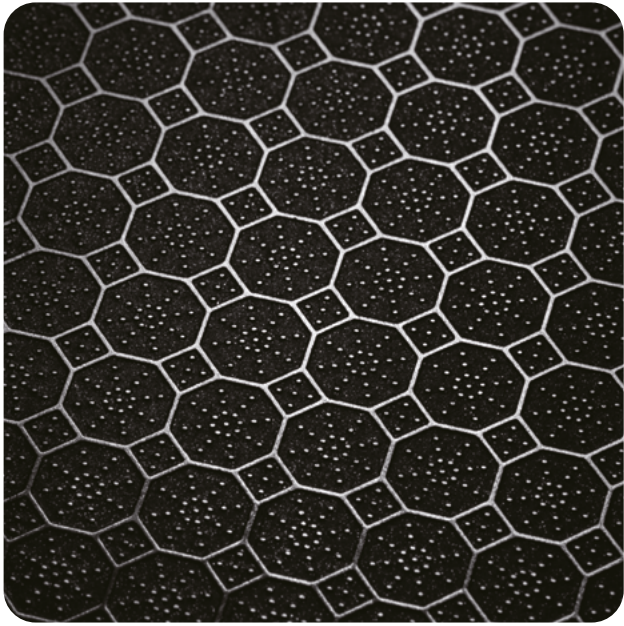

PATENT

Registered Design

If you want to give your cookware a real spin, this strong, durable 3D coating is your way to go! It's not just 5x more scratch resistant than any other coating on the market but is also protected by a non-stick layer which is also waterproof to save the surface from corrosion. And yes, it also looks magnificent: the stainless steel with the honeycomb shaped web is something all of our customers fall in love with. And what they love, even more, is how easy it is to clean it!

Eternal Coating Hybrid Technology

Advanced non-stick coating combined with laser cut stainless steel mesh.

Impact Resistant

The 5 times durable non-stick coating resists even the most destructive impacts, so you don't have to worry about using metal utensils.

Forever Non-Stick

The coating of the cookware provides lifelong performance with proper use and care.

PERFORMANCE

Cast Handle

The one-piece cast handle is more durable and allows the cookware to be used in the oven.

Full Induction Body Oven Safe

Every cookware suitable for all cooktops including induction and also oven safe.

Easy To Clean

Thanks to the non-stick coating, not only cooking but also cleaning is quick and easy. Save time and enjoy more delicious meals.

Our dinnerware sets are crafted from premium, natural ceramic material that is **free of Lead and Cadmium**. This ensures that you can enjoy your meals without any concerns about harmful substances getting into your food or drinks. The material used to make these bowls is fired at 2300 for 12 hours, resulting in a sturdy, durable, and chip-resistant product that will last you for years to come.

**DISHWASHER &
MICROWAVE SAFE**

Premium material that is fired at a high temperature twice to create reinforced ceramic bowls, to make it safe for dishwasher, microwave and freezer.

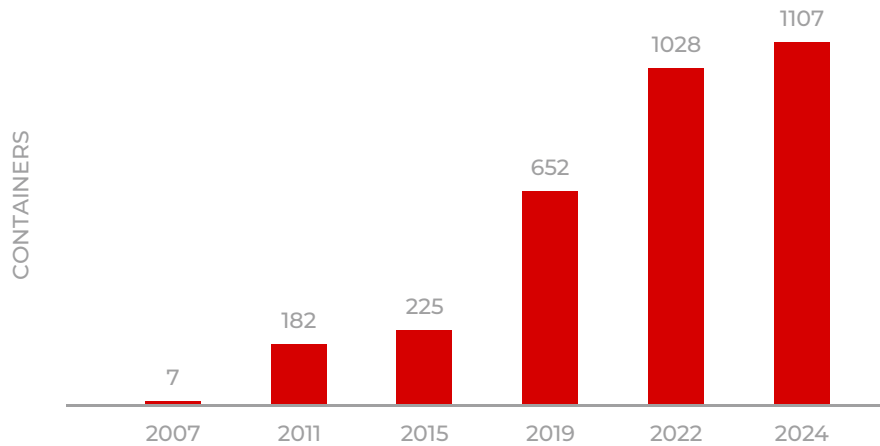

WHO WE ARE

HOME IMPEX LTD.

The first step of our group of companies started by operating as a small family business in a small garage store expanded in 2007 into a Hungarian legal entity called Home Impex Ltd (existing until today as so) and in 2013 into our Hong Kong company called Global House Supply Ltd.

SALES BY CONTAINER VOLUME GROWTH

We are a fast – growing producer of kitchen household products. Our products include categories such as Cook & Bakeware, Kitchen Accessories, Kitchen Tools, Home Electronics and Kitchen Knives. Due to our investment in building up strong purchasing departments (in Europe and in Hong Kong), together with expanding net of agents and distributors in 88 countries, we have managed to grow year to year from 2007.

We have a total SKU of over 3.000 different products (32 different collections) which are manufactured in our factories according to very strict EU and FDA regulations (especially the German LFGB regulation) and as a member of Amfori/BSCI we are committed to apply all the codes of conducts in relationship with our factories in order to achieve a common international goal of improving the working environment in our factories.

As part of the confirmation of the quality of our products and services that we provide to our customers, we decided to implement a quality management system and we are now the holder of the ISO 9001:2015 certificate. This successful audit confirms that we have successfully met the demanding requirements of the certification audit of the quality management system according to the ISO 9001:2015 system standard.

On 16.07.2021 Home Impex group has decided to be committed to energy efficiency and renewable energy. As a result of this decision the main company Home Impex Ltd. has initiated a tender in order to switch its entire energy system latest until middle of 2024 into a renewable energy enough to supply the entire energy consumption of its 20.000 m² warehouse, 4.500 m² office and showroom all around the world.

Due to the recognition that we are part of our society, therefore in the last 4 years we have invested back in our society. We are proud of our contribution to society through participating in charity events conducted by non-profit organizations in Hungary and other countries to help people in need, recognizing that an investment in our society is actually investment in ourselves.
