WHO WE ARE

HOME IMPEX LTD.

The first step of our group of companies started by operating as a small family business in a small garage store expanded in 2007 into a Hungarian legal entity called Home Impex Ltd (existing until today as so) and in 2013 into our Hong Kong company called Global House Supply Ltd.

We are a fast – growing producer of kitchen household products. Our products include categories such as Cook & Bakeware, Kitchen Accessories, Kitchen Tools, Home Electronics and Kitchen Knives. Due to our investment in building up strong purchasing departments (in Europe and in Hong Kong), together with expanding net of agents and distributors in 88 countries, we have managed to grow year to year from 2007.

We have a total SKU of over 3.000 different products (32 different collections) which are manufactured in our factories according to very strict EU and FDA regulations (especially the German LFGB regulation) and as a member of Amfori/BSCI we are committed to apply all the codes of conducts in relationship with our factories in order to achieve a common international goal of improving the working environment in our factories.

As part of the confirmation of the quality of our products and services that we provide to our customers, we decided to implement a quality management system and we are now the holder of the ISO 9001:2015 certificate. This successful audit confirms that we have successfully met the demanding requirements of the certification audit of the quality management system according to the ISO 9001:2015 system standard.
